

The Edgar D. Coolidge Endodontic Study Club
Presents
The Annual Dr. Harold Epstein Memorial Seminar
“An Update On Regenerative Endodontics”
“Successful Management of Pain”
Presenter: Dr. Kenneth Hargreaves

Dr. Kenenth Hargreaves received his DDS from Georgetown University, his PhD in physiology from the Uniformed Services University of Health Sciences in Bethesda, MD, and his certificate in Endodontics from the University of Minnesota. Ken spent 5 years at the Pain Clinic of the NIDSCR and 7 years as an associate professor of Endodontics and Pharmacology at the University of Minnesota. He joined the University of Texas Health Science Center at San Antonio in 1997, as professor and Chair of the Department of Endodontics. He maintains a private practice limited to endodontics and is a Diplomate of the American Board of Endodontics. His area of research focuses on the pharmacology of pain and regenerative endodontics. Ken has received an NIH MERIT Award for research, two IADR Distinguished Scientist Awards and the Louis I. Grossman Award from the AAE. He has published more than 150 articles and, with Harold Goodis, co-edited *Seltzer and Bender’s Dental Pulp* and with Steve Cohen and Lou Berman, co-edited the 10th edition of *Cohen’s Pathway of the Pulp*. Ken also serves as editor of the *Journal of Endodontics*.

At the completion of this course the practitioner should be able to:

- Describe a fast and efficient routine for managing dental pain emergency patients
- Select the best combination of analgesics to manage dental pain
- Provide effective local anesthesia to the classic “hot” molar case
- Describe the three major steps in tissue engineering and how they apply to regenerating the pulp dentin complex
- Understand the clinical principles needed for regenerative endodontic procedures

DATE: Wednesday, October 20, 2010

PLACE: American Dental Association

211 E. Chicago Ave.

Chicago, IL, 60611
